

**AMENDMENTS TO THE DRAWINGS**

Please replace Figures 2 to 4 of the present patent application as filed with corrected Figures 2 to 4, included in replacement drawing sheets annexed to this paper.

**REMARKS**

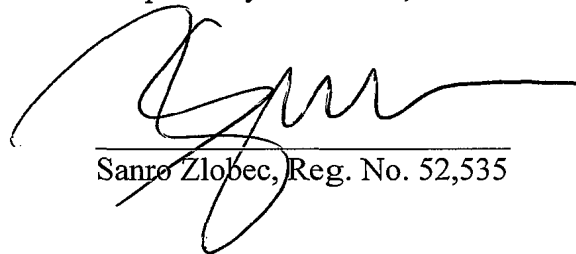

The present patent application still contains twenty (20) claims, numbered 35-41, 44-45, 47-50, 52, 54-55, 67-69 and 83, which were allowed on December 13, 2010. No amendment to the claims has been made.

In the section titled "Identification of Drawing Inconsistencies" of the Notice to File Corrected Application Papers, the Office indicates that "The illustration is penetrated or traversed by a solid or broken line that is not to be part of the drawings, such as a dark line caused by a flaw in the copying process. FIG(s) 2, 3 and 4".

To correct this informality, the solid/broken line was removed from former Figures 2 to 4, which are otherwise unchanged.

Accordingly, the Applicant believes that the informality identified in the Notice to File Corrected Application Papers has been addressed and corrected.

Respectfully submitted,

Sanro Zlobec, Reg. No. 52,535
